

ANC Austin Neurological Clinic

Patient Notification of physician departure

April 30, 2026

Important update regarding your care at Austin Neurological Clinic

To my valued patients, friends, and family,

It has been a true privilege to serve as your neurologist over this past decade. I am writing to share the news that I will be transitioning to a different clinic over these next three months and I hope to bring you along for the journey. Details will be provided soon for the opportunity to transfer care to my new clinic, but I wanted to get this information out there as quick as possible so that everyone can make plans accordingly.

You have the option to go anywhere, and I want to support each and every one of you to go wherever fits you best. We are here to support you during this time. Location details will be finalized soon and once they are known we will share this information.

Important details:

- Your medical records will be with Austin Neurological Clinic until such time that my new clinic can get them uploaded to our new database.
- Prescriptions: I suggest checking your current medication supply and requesting a 90 day refill sometime before July 11, to avoid lapses in your medication.
- Upcoming appointments: We will do our best to transition all the appointments over to the new clinic but there may be some rescheduling necessary. If so, you will be notified as soon as possible.

I have no words to adequately describe how much your trust means to me and how proud I am of the work we have done together. Regardless of your decision on where to continue your treatment, I appreciate the opportunity to have been a part of your journey toward wellness.

Thank you,

WALTER P. WERCHAN, M.D.
